

FIXON Partner Programme

Full commercial programme for partner onboarding, sales, display, stock support, reporting and monthly settlement.

Working legal/commercial draft. This translated version is prepared for reading, download and local counsel review before use in the selected country.

1. Programme Objective

The FIXON Partner Programme enables material producers, distributors, building-material yards, points of sale and tool-rental channels to add professional paving and construction tools to their commercial offer without a mandatory full stock investment at launch.

The Partner uses FIXON tools as a practical extension of the material sale. The programme is designed to make the contractor's work easier, reduce fatigue and increase the probability that the customer returns for further purchases.

2. Start Model

The recommended launch model is a pilot based on demonstration, QR codes, the e-catalogue and a narrow selection of products matched to the Partner's customer profile.

No upfront purchase of a full starter warehouse is required unless the parties agree otherwise in a local order, pilot card or stock-support appendix.

3. Sales Method

The easiest moment to identify customer needs is during the purchase of materials. The salesperson asks about material type, load, crew size, job-site conditions and repeated pain points.

The e-catalogue helps select the target tool quickly, so the sales team does not need to learn the full assortment before starting.

4. Settlement

Sales are settled after a confirmed sales period. The standard rhythm is monthly, based on the report, confirmed sales data and agreed stock movements.

Any country-specific tax, invoice, consumer, reseller or reporting requirements must be adapted locally before use.

Country localisation matrix

Market | Adaptation

UK | Use UK governing law and jurisdiction where applicable; review UK GDPR, PECR, product liability and B2B sale terms.

USA | Use state-specific law and venue; review business opportunity/franchise triggers, earnings claims, warranty, sales tax and privacy rules.

Canada | Use province-specific law; review CASL, privacy, bilingual requirements where applicable, warranty, tax and product safety.

Australia | Review Australian Consumer Law, unfair contract terms, privacy, product safety, warranty, import and tax clauses.

South Africa | Review POPIA, electronic communications, Consumer Protection Act exposure, product liability, import, tax and dispute wording.

Germany | Use German-law drafting; review BGB/HGB, GDPR/BDSG, UWG marketing rules, warranty, retention of title and standard-term controls.

Austria | Use Austrian-law drafting; review ABGB/UGB, GDPR/DSG, UWG marketing rules, warranty, retention of title and standard-term controls.

Switzerland | Use Swiss-law drafting; review the Code of Obligations, revised FADP, competition rules, warranty and cross-border data transfers.

Local clauses before signature

Area | To review before use

Governing law | Country, venue, language and dispute resolution

Privacy | Roles, notices, consent and data transfers

Product & sales | Warranty, liability, safety, tax and import

Marketing | Electronic communication, claims, testimonials and pricing displays

Document table

Programme level | Commercial meaning

Pilot Partner | QR, e-catalogue, demonstration and selected test products

Active Partner | Monthly reporting, agreed stock logic and regular product availability

Strategic Partner | Individual entitlements, demonstration centre or extended network cooperation
