Working legal/commercial draft. This translated version is prepared for reading, download and local counsel review before use in the selected country.

1. Support Scope

Stock support helps maintain availability of products that show real demand. It is not an automatic obligation to finance unlimited inventory.

2. Replenishment

Replenishment is based on monthly reports, stock status, lead time and agreed product priorities.

3. Ownership and Risk

Ownership, risk, insurance and loss responsibility must be defined in the local version or order documents.
